```
1 #include <stdio.h>
2 int main(void)
3 {
4
       //variable declarations
5
       int i;
6
       //code
7
8
       printf("\n\n");
9
       printf("Printing Digits 10 to 1 : \n\n");
10
11
12
       i = 10;
13
       do
14
       {
15
           printf("\t%d\n", i);
16
           i--;
       }while (i >= 1);
17
18
19
       printf("\n\n");
20
21
       return(0);
22 }
23
```
