```
1 #include <stdio.h>
2 int main(void)
3 {
4
       //variable declarations
5
       int i;
6
       //code
7
8
       printf("\n\n");
9
       printf("Printing Digits 1 to 10 : \n\n");
10
11
12
       i = 1;
       while (i <= 10)
13
14
15
           printf("\t%d\n", i);
16
           i++;
17
       }
18
       printf("\n\n");
19
20
21
       return(0);
22 }
23
```
