```c
1  #include <stdio.h>
2  int main(void)
3  {
4      //variable declarations
5      int i;
6
7      //code
8      printf("\n\n");
9
10     printf("Printing Digits 10 to 1 : \n\n");
11
12     i = 10;
13     while (i >= 1)
14     {
15         printf("\t%d\n", i);
16         i--;
17     }
18
19     printf("\n\n");
20
21     return(0);
22  }
23
```
